

FINOR · WATER CHEMISTRY

# Finor Water Treatment Chemicals

Finor scale, corrosion and biocide programmes for towers, chillers and boilers.

Supplied, installed and serviced in Bangladesh by MHM Engineering

DOSING

**Automatic**

SERVICE

**Monthly site test**

PACK SIZES

**25 / 200 kg**

PROGRAMMES

**Cooling, boiler, cleaning**

## Overview

Chemical treatment keeps condenser tubes clean and towers free of algae, protecting chiller efficiency. MHM supplies Finor programmes with dosing systems and monthly site testing under AMC.

Finor — Water chemistry. MHM Engineering is the supply, installation and service partner in Bangladesh: selection at local ambient and water conditions, commissioning by our own engineers and spares stocked in Dhaka.

## Range

### Cooling water

Scale/corrosion inhibitors and biocides.

### Boiler water

Oxygen scavengers and sludge conditioners.

### Cleaning

Descalers and passivation.

## Why plants choose Finor from MHM

- **Monthly testing** — Cycles, hardness and iron logged.
- **Auto dosing** — Pumps with conductivity control.
- **REACH registered** — Safe, documented chemistry.

## Applications

- Cooling towers
- Chiller condensers
- Steam boilers
- Closed loops

## Finor Water Treatment Chemicals — Finor · Finor Cool / Finor Boil

Scale, corrosion and biological control for cooling towers, chillers and boilers.

|         |                        |
|---------|------------------------|
| Range   | Cooling and boiler     |
| Pack    | 25 / 200 kg            |
| Dosing  | Auto pump + controller |
| Testing | Monthly site tests     |
| Origin  | Finor, Turkey          |

| Product                | Function                          | System                    | Dose (ppm)     | Pack   |
|------------------------|-----------------------------------|---------------------------|----------------|--------|
| <b>Finor Cool 210</b>  | Scale and corrosion inhibitor     | Cooling tower / condenser | 80–120         | 25 kg  |
| <b>Finor Bio 340</b>   | Non-oxidising biocide             | Cooling tower             | 50–100 weekly  | 25 kg  |
| <b>Finor Bio 350</b>   | Oxidising biocide (bromine)       | Cooling tower             | 2–5 continuous | 25 kg  |
| <b>Finor Boil 120</b>  | Oxygen scavenger                  | Boiler                    | 20–40          | 25 kg  |
| <b>Finor Boil 140</b>  | Alkalinity and sludge conditioner | Boiler                    | 30–60          | 25 kg  |
| <b>Finor Clean 500</b> | Descaler for condenser tubes      | Chiller condenser         | 5–10%          | 200 kg |
